

Information Advice and Support Service for SEND in Northamptonshire (previously Northamptonshire Parent Partnership Service) is an impartial and confidential service which gives free information, advice and support about matters relating to Special Educational Needs and Disabilities.

The service operates at arms length from the local authority and clinical commissioning groups (CCGs) through independently trained staff.

The service is for children and young people aged 0 – 25 with special educational needs and/or disabilities and their families. You can self-refer or with your permission someone else can refer on your behalf. Young people (aged 16-25) can ask for support separately from their parents or carers if required.

We give practical, factual and impartial information advice and support to enable you to participate fully in decisions about education, health and social care. This may include:

- Advice and support by telephone or email
- Individual casework which may include support with meetings and contributing to assessments and reviews
- Help with writing letters
- Help with understanding and interpreting information and applying it to your situation
- Help when things go wrong, including resolving disagreements and providing support to manage mediation, appeals, exclusions, and complaints on matters related to SEN
- Information about other services or sources of support locally or nationally
- Advice through parent/carers support groups, youth groups or training events
