

SEND SERVICES IMPROVEMENT WORKSHOPS

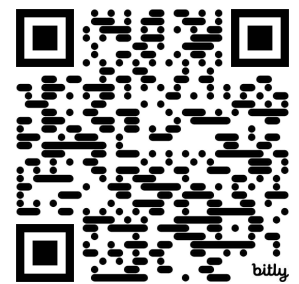

SEPTEMBER / OCTOBER 2024

North Northamptonshire Local Area Partnership are holding the fifth round of SEND Improvement Workshops.

The three things we will be focusing on:

- Ofsted / CQC SEND Inspection Outcome
- Priority Action Plan
- SEND Outcomes Framework – how we measure your child's progress

We would love to have representation from parents and carers of children and young people with SEND across all age ranges, including those attending Alternative Provision (AP). We also welcome professionals from the Early Years sector, primary and secondary schools, further education, education, health, and social care.
