## Our Computing Curriculum and Online Safety

Following a review of our Computing Curriculum, in line with the new Keeping Children Safe in Education updates and concerns raised due to our children's online safety outside of school, we have launched a new Computing Curriculum.

**Kapow**  
Primary

We have researched many options and decided that Kapow Computing was the scheme that best suited our children's needs.

More information, guidance and support can be found on our school website under **Our Learning**.

Please remember, we are always here to support you and give practical advice so please do not hesitate to contact us!

## **School Prayer**

This is our school,  
Let peace dwell here.  
Let there be  
tenderness and mercy.  
Let each room be full of  
happiness,  
Love of God, love of  
one another and love of  
life itself.

Mary our Mother,  
patron of our school,  
pray for us.

Amen

Every week, this is on for  
our EYFS children!

Working together to develop a love of reading!

Join us every **Friday** morning  
**8:40-9:00 a.m.**

Come into school and share a  
book with your child.

Reading makes up a fundamental part of language development in early childhood. Not only does it help with a child's ability to understand words it also ignites the spark for imagination.

Reading introduces children to the world around them and new concepts.

Reading together is fun. It's a time for closeness, laughing and talking together. It can also give children a flying start in life to help them become lifelong readers.
