The First-Aid Room +

We have staff and pupils with nut allergies in our school, so please do not bring in food items with nuts included. This means that no nuts or nut products are allowed in packed lunches or snacks, and all food provided by the school must be free from nuts, including chocolate.

*Olivia Bailey, Minister for Early Education said:*

- No parent should have to send their child to school worried that a life-threatening allergic reaction won't be handled swiftly.
- We have listened to the families and organisations who have campaigned tirelessly on this issue, and we are acting.
- These new requirements will give parents the confidence that every school has the training, the plans and the equipment in place to keep their child safe.
